

Dear Customer

On behalf of the staff at Michael and Young, we would like to wish you and your loved ones a wonderful holiday season, and may 2010 be a fish-filled, happy, healthy and prosperous New Year. We would also like to take this opportunity to review some of last year's highlights, update you on new products and enlighten you on some developments that lie ahead.

We began the year with some trepidation in light of the expected economic turmoil. The season was by no means a record setter but due to all of your support it turned out a decent year. We noticed a definite decline in overseas tourism, but all of our local fly fishing fanatics kept us busy all year long. I hope all of you had some excellent fishing adventures and I hope myself or my staff helped you achieve them. Thank you to everyone who shops at and supports our shop, and allows us to keep the jobs we love.

Thankfully the Canadian dollar has gained ground in the previous months. Because of this you will see a significant drop in the retail prices of many of our favorite products. Everything in the store is being re-priced, LOWER of course, over the next few weeks, just in time for Christmas wishes.

Now is time for reflection...the Thompson is open again. What a welcome fishery as almost everyone here at the shop loves to escape to this big, challenging, and captivating river. Water levels were low but the mighty Thompson steelhead rewarded many persistent and patient anglers. The Skeena saw some of the largest steelhead returns in over 30 years quite possibly due to the extremely low sockeye numbers as they resulted in the closure of the major Sockeye commercial fisheries that effect the steelhead. Whatever the reason the fish are a great to see. Our home waters saw some scarily low sockeye returns, but on a positive note the coho returns were better this year than the last few. We saw some changes in the Thompson Nicola region fishing regulations that had many of us excited and prepared to fish our favorite lakes early this spring, but winter had different ideas and stayed around into early May. As soon as the lakes were ice free the fishing was good and remained decent throughout the season.

Our 4th annual SPEY DAY held on the Fraser River during April was another amazing event. We had record turnouts and some amazing demonstrators, casters, and cooks. Thank you to all of the presenters that devoted their time, and shared their knowledge. The weather was friendly, food hot, and fun aplenty. Again, we hope next years event will be bigger and better, and we hope to see you all there. It will be held on Saturday April 17th at Peg Leg bar on the Fraser (water permitting) Keep an eye on our website for further details, and if you call or e-mail us and provide us with your e-mail address, we will keep you better informed re this and all upcoming events. The shop e-mail address is info@myflyshop.com. As is always the case, a PDF version of this Holiday Flyer will be posted on our website as well.

2009 brought a few new members to our team, and watched others move on to new adventures. This Spring many of you met or talked to Steve Morrow, and Jake Goransen they are both appreciated and missed as they moved on to other adventures. Currently a few of the new faces and voices around the shop are Nathan Harrison and Chad Schroer. Both are part time employees that we wish we could convince to work more days and hours, but school and a "real" job interfere. At least their fishing addictions keep them coming back. Also, we are very happy that Aaron Goodis is back and working hard.

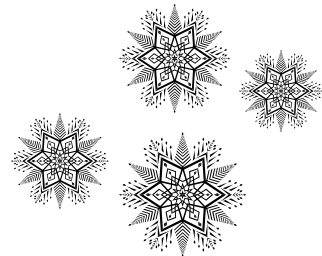

New products such as the Sage Vantage, 99 and Xi-3 rods, Ross Evolution LT reels, Scott S4S rods, and the G. Loomis Versa-Spey rods are outlined with this accompanying flyer. There are also some very good deals on discontinued rods and reels, as well as Simms close-outs, but there are limited quantities so don't wait till the last minute or you will be disappointed.

Drop us an e-mail or call us toll free at 1-800-663-6407 if you require any further information. Our web address is www.myflyshop.com.

Best Wishes and Fishes from the staff at Michael and Young Fly Shop...

New & Noteworthy

3 NEW RODS

Xi-3 ROD

Through Sage's exclusive SaltH2O Technology, Xi3 fast action rods provide a groundbreaking level of torque and torsion resistance for superior tracking and less wasted energy at all distances. 6-16 weight in 12 models.

From \$800.00

"99" RODS

Designed with power for big flies and wind resistant indicators. Designed light so you can mend and high stick all day long without wearing out your arm. Designed long 9'9" so you can mend line and stay in "tune" with your fly.

Designed with purpose.

4-8 weight in 5 models.

From \$805.00

VANTAGE RODS

Make learning to cast easier. Vantage rods give beginning casters a high level of "line feel," creating a quicker, more instinctive understanding of when to apply power.

3-9 weight, 2 or 4 piece.

From \$260.00

New From FishPond

Flint Hills Vest \$110.00

Havana Lumbar Pack \$85.00

Storm Mtn Gear Bag \$239.00

TomaHawk Fly Tying Kit \$207.00

FishPond never ceases to amaze us with their innovative and attractive designs. Go to www.fishpondusa.com to view colors.

G. LOOMIS DREDGER

MID-RANGE VERSA-SPEY

Using "blend" fiber technology and moderately priced components G. Loomis has created a new range of two-hand salmon and steelhead fly rods - so named because of their "versatility".

They have dual line-ratings - in both standard fly line sizes and grain-weights to help achieve the right balance. They will perform all the dominant casting methods with exceptional comfort and control. The rods range in length from 12-1/2' to 13-1/2' and are well suited for short, compact length shooting heads and are long enough for full fly lines.... they are fantastic. 5 models, 400- 600 grains, from \$671.00

Ross Evolution LT Reel

These large arbor fly reels are a machining masterpiece and they are the lightest in their class. Available in 3 colors: Black, Green and Grey Mist.

Size ranges start at the model 0 which would be used for a 1 weight right up to a size 4 which would balance well with an 8/9 weight.

Starting at \$ 281.99

HIGH PERFORMANCE FLY RODS

TELLURIDE, COLORADO

Scott S4S Fly Rods

New from Scott, the award winning S4S fly rods.

Their fast actions balance light in the hand and generate high line speed for quick spot-on presentations. Each component on S4s rods was selected for ultimate performance in harsh saltwater environments. You won't find a tougher, better performing rod on the flats. Evolve with the sport and fish a Scott S4s saltwater rod.

6-12 weight 2 or 4 pieces.

Starting at \$834.00
