

Dear Customer,

It is hard to believe another Christmas season is upon us. At this time of year we look forward to the opportunity to correspond with all of you in this old fashioned letter (and sale flyer : ) ). On behalf of the staff at Michael and Young, we would like to wish you and your loved ones a love filled, wonderful holiday season, and may 2012 bring good fortune on and off of the water.

Sales saw some growth throughout the year. So, thank you to all who supported us, helping the doors stay open, our mouths fed, and our walls, racks, and shelves stocked with inventory. Unfortunately our Canadian dollar has been losing ground of late which means we will have to raise most of our prices in the New Year unless we see things turn around in our favor. We have decided to hold to our Fall pricing until after Christmas which hopefully helps all of you fill your stockings.

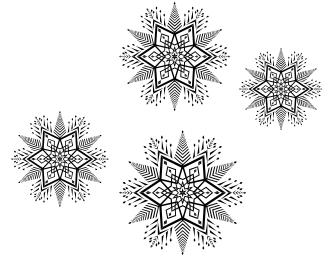

Our 6th annual SPEY DAY - It was awesome! Thank you to all that attended and who continue to support Michael & Young, making these events possible. And, thank you to Simon Gawesworth for an excellent demonstration, and to Peter Morrison for making Simon's trip possible. The list of donations from our suppliers was long and prizes excellent. We used these donations and our Spey Day to help the Steelhead Society raise over \$2700. Hopefully we have the opportunity to raise funds for another deserving cause this spring! Again, we hope next year's event, to be held on Saturday April 14<sup>th</sup>/2012, will be bigger and better than the last. Keep an eye on our website for further details, and if you call or e-mail us and provide us with your e-mail address, we will keep you better informed re this and all upcoming events. The shop e-mail address is [info@myflyshop.com](mailto:info@myflyshop.com). As is always the case, a PDF version of this Holiday Flyer will be posted on our website as well at [www.myflyshop.com](http://www.myflyshop.com).

Reflecting on last years fishing season... a little bizarre on the weather front. It felt like summer did not start until August. The winter and spring saw great steelhead fishing throughout the Fraser Valley and fishing stayed good well into May. Cutthroat fishing was amazing & then the pink salmon arrived in hoards come early September which provided a bounty of doubled over fly rods for our smiling customers. The interior lake fishing was average but the cooler weather held off the "summer doldrums" extending the fishery for quite a few weeks. And, wow, some huge fish caught on the fly this year...we have reports and photos of at least 6 different lakes giving up a 12lb or better fish to a lucky fly fisherman. Summer steelhead returns were good enough for our favorite rivers, the Coquihala and Thompson, to open and reports of successful anglers kept our fly bins in constant need of re-stocking. Coho fishing was (and should be until Christmas) very good. Average fish size is high and there are lots of fish. The Chum didn't show up on time, and when they did the run was still very low, but they did show up and definitely busted up some tackle. The Squamish was awesome late in the season for chum and coho, and should remain an exciting fishery for Bull Trout throughout the winter. Again, it felt as though our beloved Skagit was nearly overrun by Bull Trout, but there was some excellent rainbow fishing throughout the season. We are all excited for the fishing adventures to be, in 2012!

2011 saw Jay move on and Tim come on board. Unfortunately he has a family to feed and actually needs a paycheck instead of working for gear like some of my past employees. We brought on a few more exciting new products this past season: Korkers adaptable traction wading boots, Nautilus Reels, Carron Lines, and an increased inventory of Hardy's new award winning rods and reels. Notable new intros from existing suppliers include the Sage "ONE," and ESN; Scott A4, L2H, and M; the amazing-new CFX reel from Bauer. If interested, review the attached list of close-outs as soon as you can since the good stuff is always cherry picked within the first few weeks. Feel free to either call us toll free at (800) 663-6407 or e-mail us ([info@myflyshop.com](mailto:info@myflyshop.com)) should you require more info!

Warmest holiday regards from Dave, Ryan, Adrienne, Al, Gary, Aaron, Lawrence, Sid and our two Tim's!
